

## Conwin Balloon Tying Discs

### The Fast and Easy Way to Tie Balloons!

#### Benefits:

- Increase productivity by attaching ribbon and tying balloon.
- Prevent sore fingers from hand-tying balloons.
- Designed for use with latex balloons up to 16 inches.

Discs available in convenient 100 packs and 1000 packs.

1 Feed curling ribbon through ribbon guide hole located under tying post. Place the balloon disc on tying post.

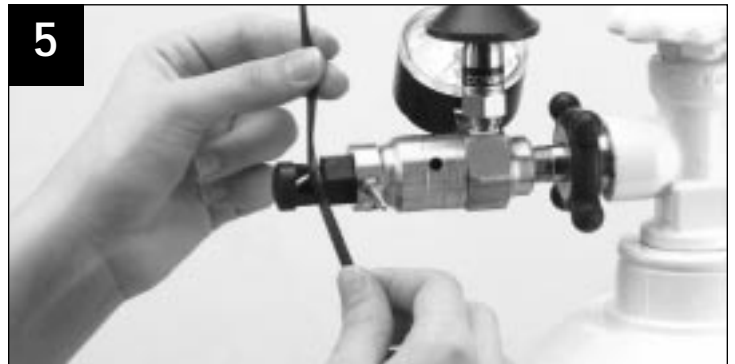

2 Hold the inflated balloon in your left hand. With your right hand, pinch the neck of the balloon and the ribbon together and stretch both around the end of the tying post.

3 Hold the stretched balloon neck and ribbon together in your left hand. Place your fingers behind the tying disc and slide the disc over the neck of the balloon.

4 Slide tying disc down approximately one inch on the neck of the balloon.

5 Remove tied balloon from post and cut the ribbon on the convenient ribbon cutter.
